## **Samprefs Iphone Unlocker Pc Version !!LINK!! Free 27**

April 23, 2012 - assuming your iPhone is jailbroken and ready to go... Open Cydia and add the "repo.bingner.com" and then search for "SAM" by sbingner and ... select it. When you do this, you will be able to check your iPhone. You will be asked to confirm that you know what you are doing, and then you will be given access to some applications known as "themes". There are currently three themes: "SAM", "Naruto" and "Mafia".
